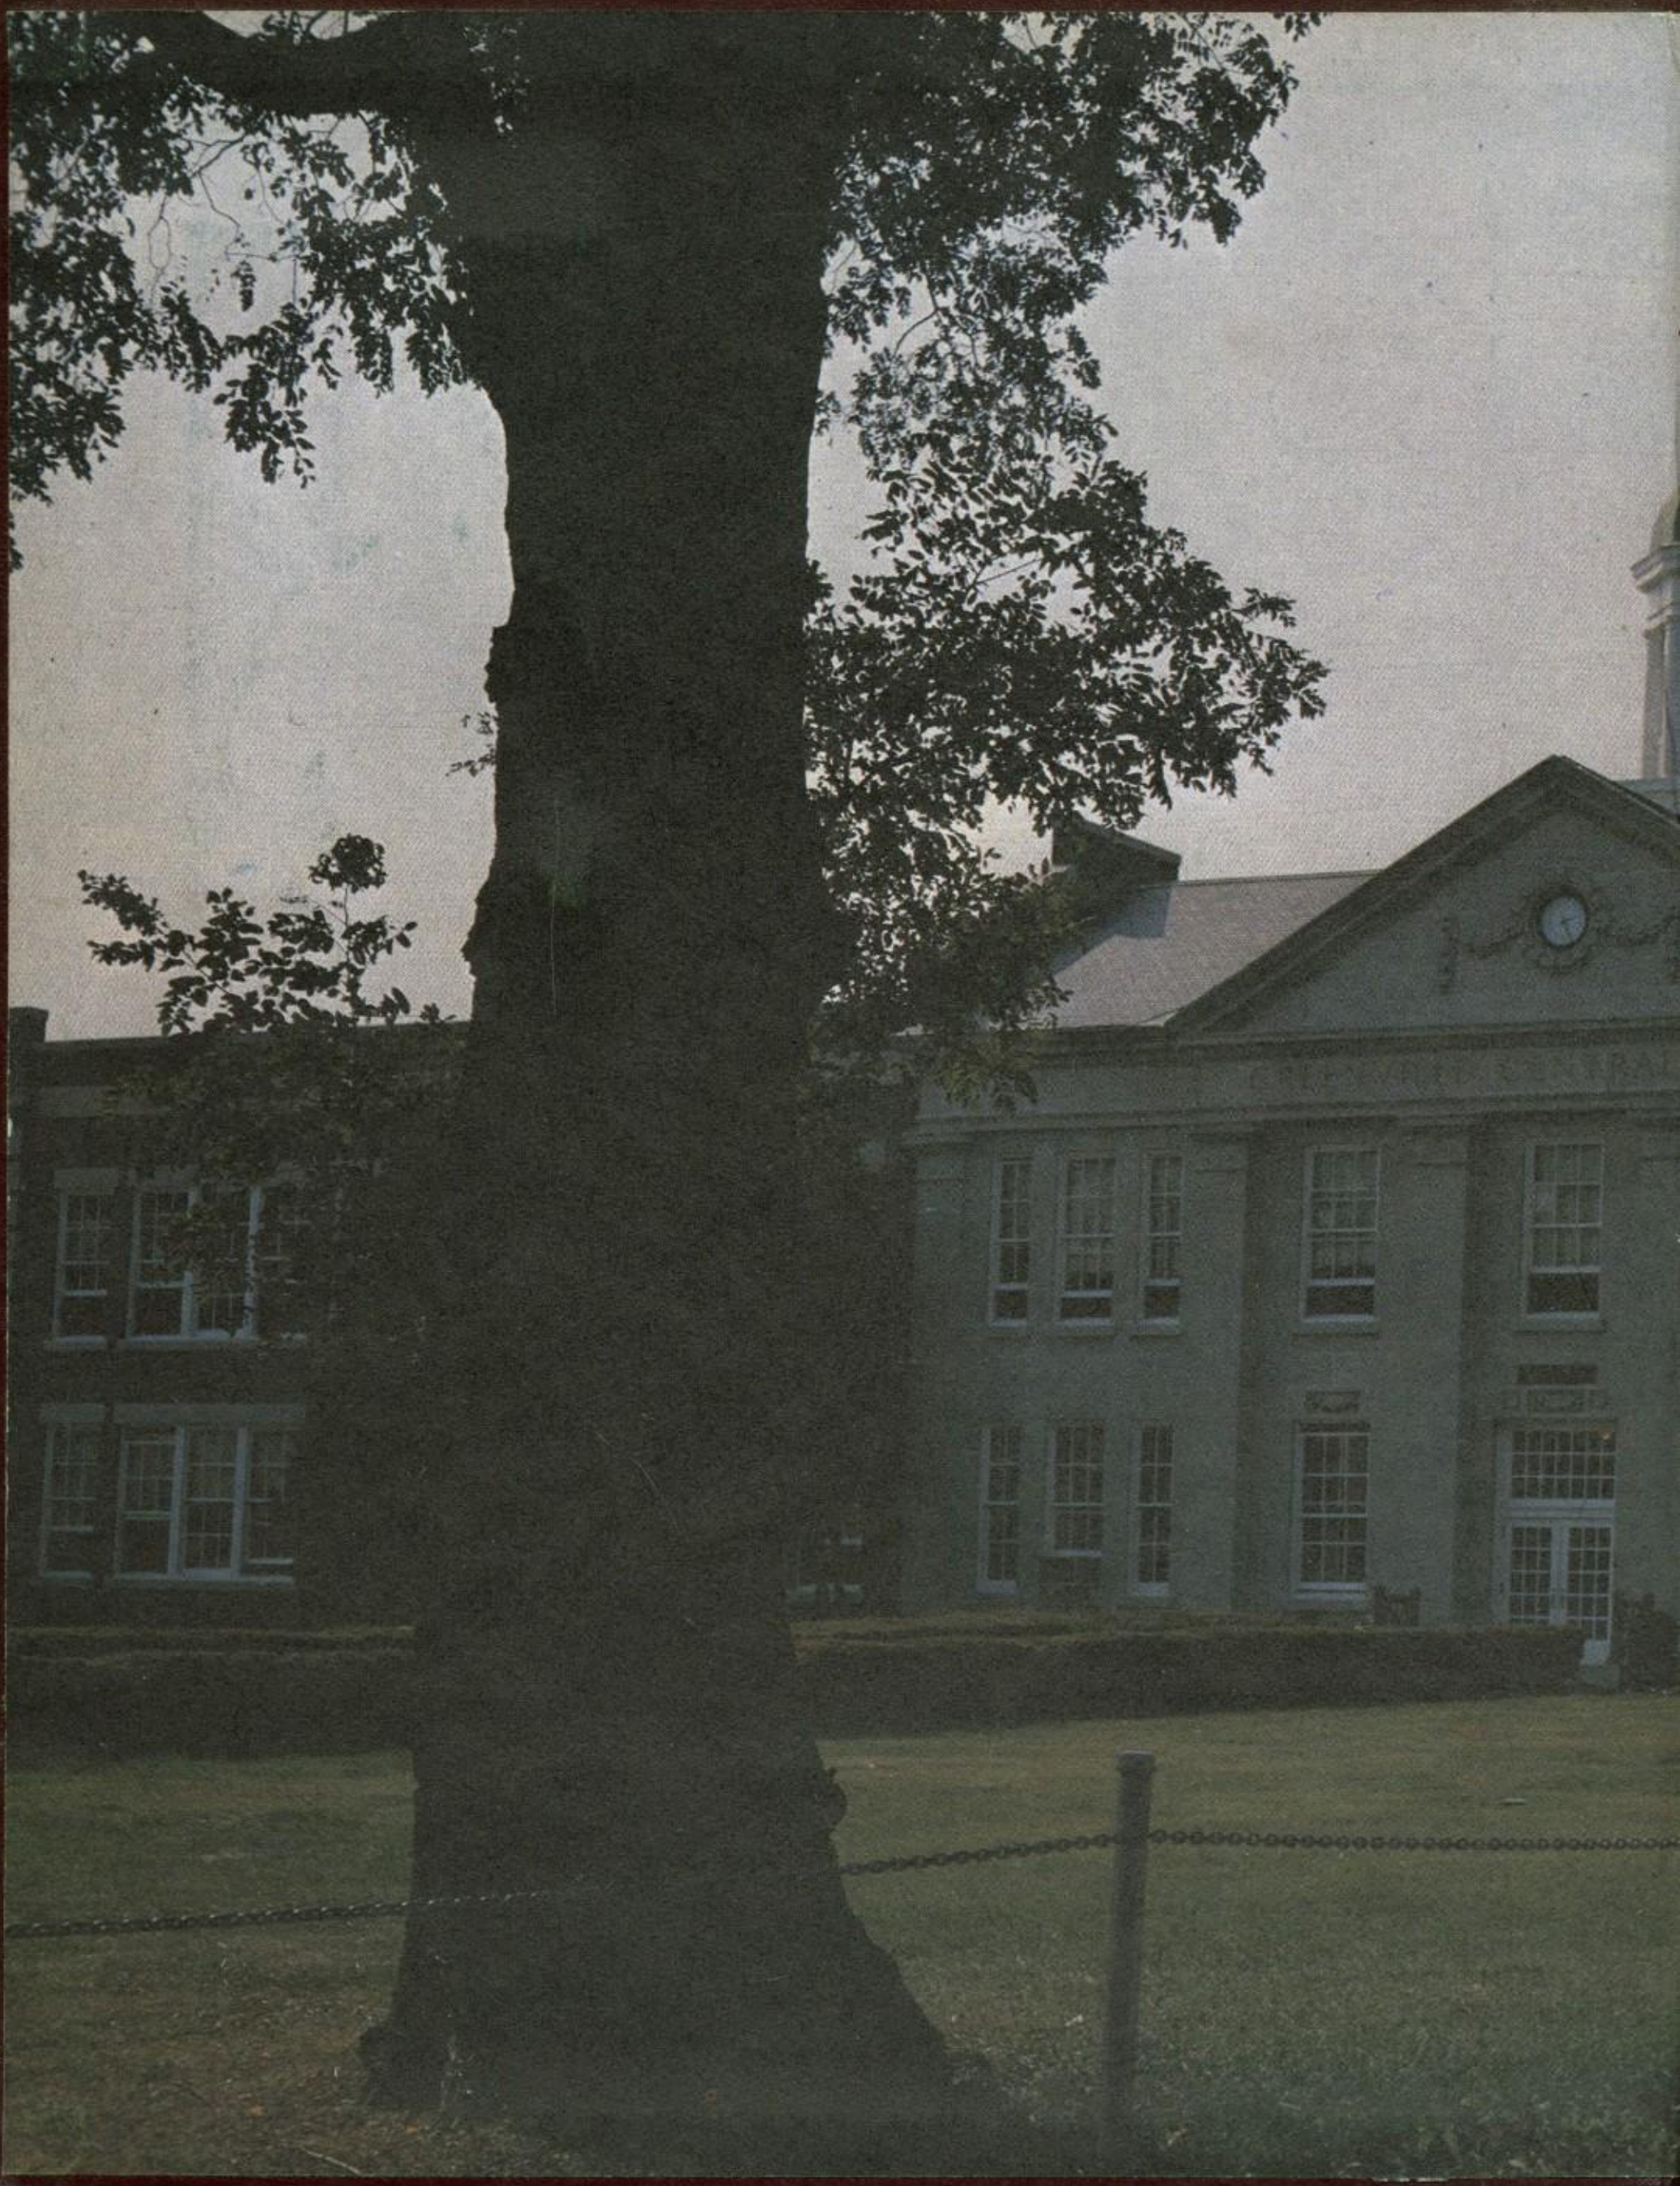
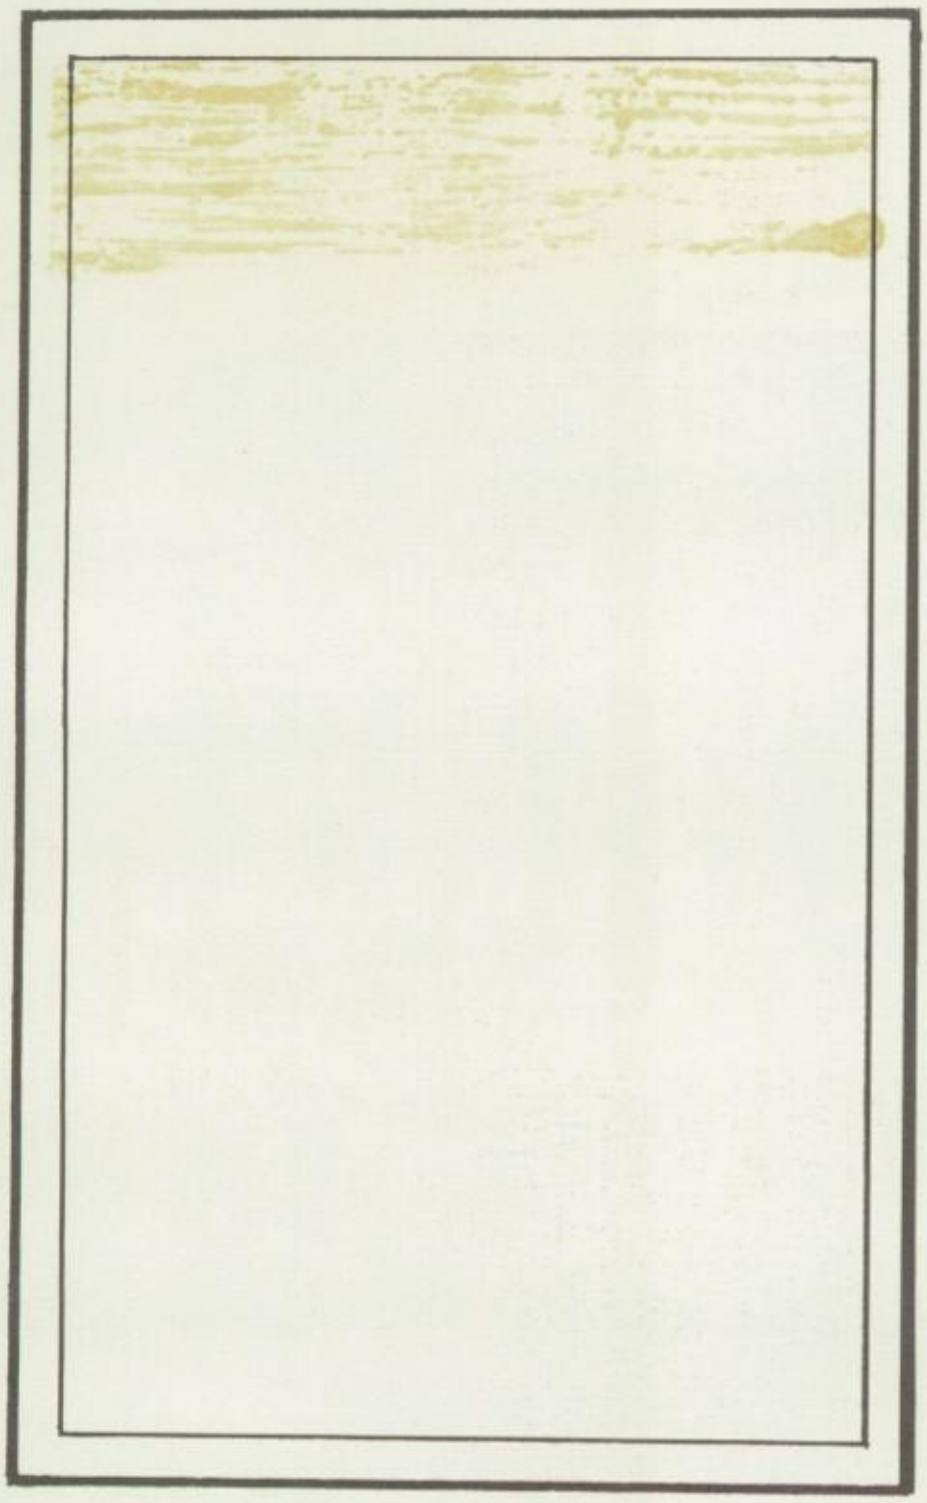
GREENVILLE CENTRAL SCHOOL





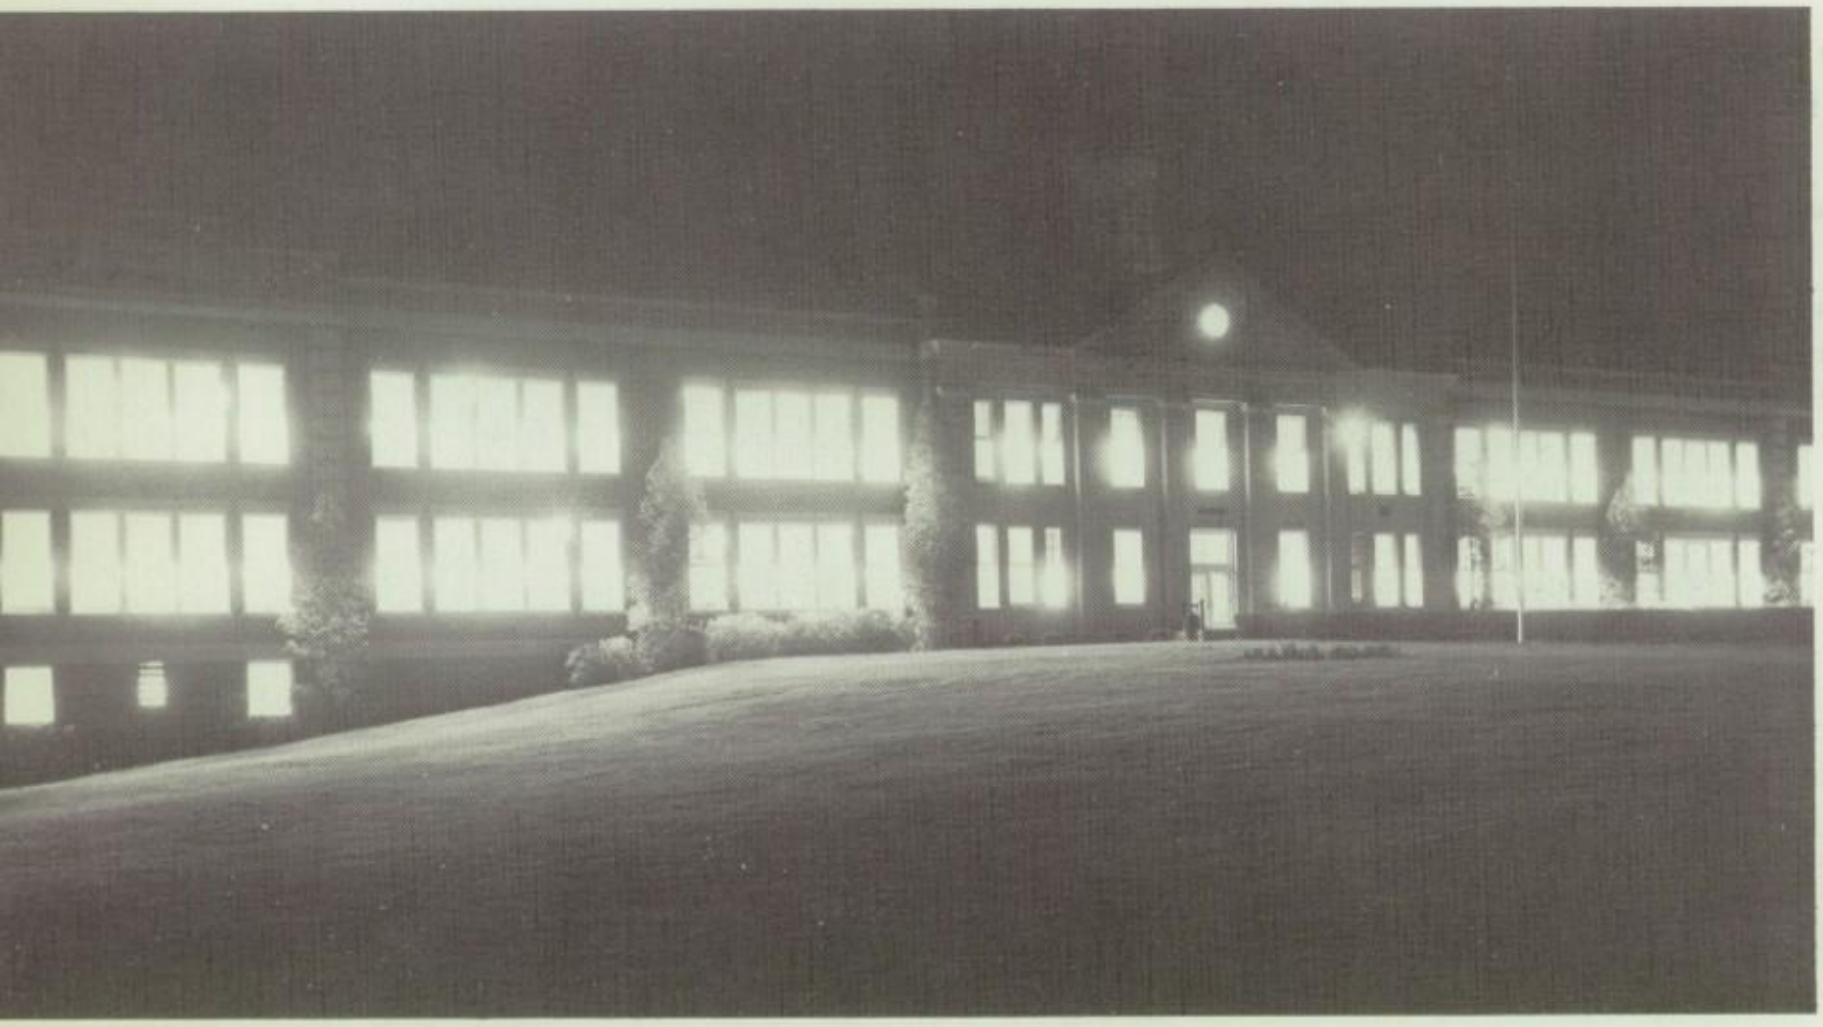
The Class of 1968

Presents

THE PIONEER

Greenville Central School

Greenville, New York



"The foundation of every state is the education of its youth."

Diogenes

Foreword

The knowledge which we obtain during our years in elementary and secondary school is the basis on which we build our future careers and lives. Therefore, the goal of our educators is to prepare us for, and acquaint us with our further advancements and responsibilities in all aspects of life--scholastic, athletic, artistic, and social.

The purpose of the 1968 Pioneer Staff is to present the means by which the faculty and administration of G. C. S. attempt to fulfill these goals. By doing so, we hope to show our gratitude to all who have worked towards this goal on behalf of us, the Class of 1968.

Administration

Secondary Principal

Dr. Michael Salerno has done much in his two years at G. C. S. to improve the character and strengthen the spirit of the student body. As Secondary Principal, he is in charge of all high-school matters. He is advisor to the secondary faculty. Also, as advisor to the Student Council, he works with the students to improve student government and sponsor student activities.

Supervising Principal

Mr. Jack L. Roosa has been the Supervising Principal at G. C. S. for two years. He is responsible for seeing that the policies approved by the Board of Education are carried out. During his administration, the ground has been broken for a new Junior-Senior High School.

Guidance Department

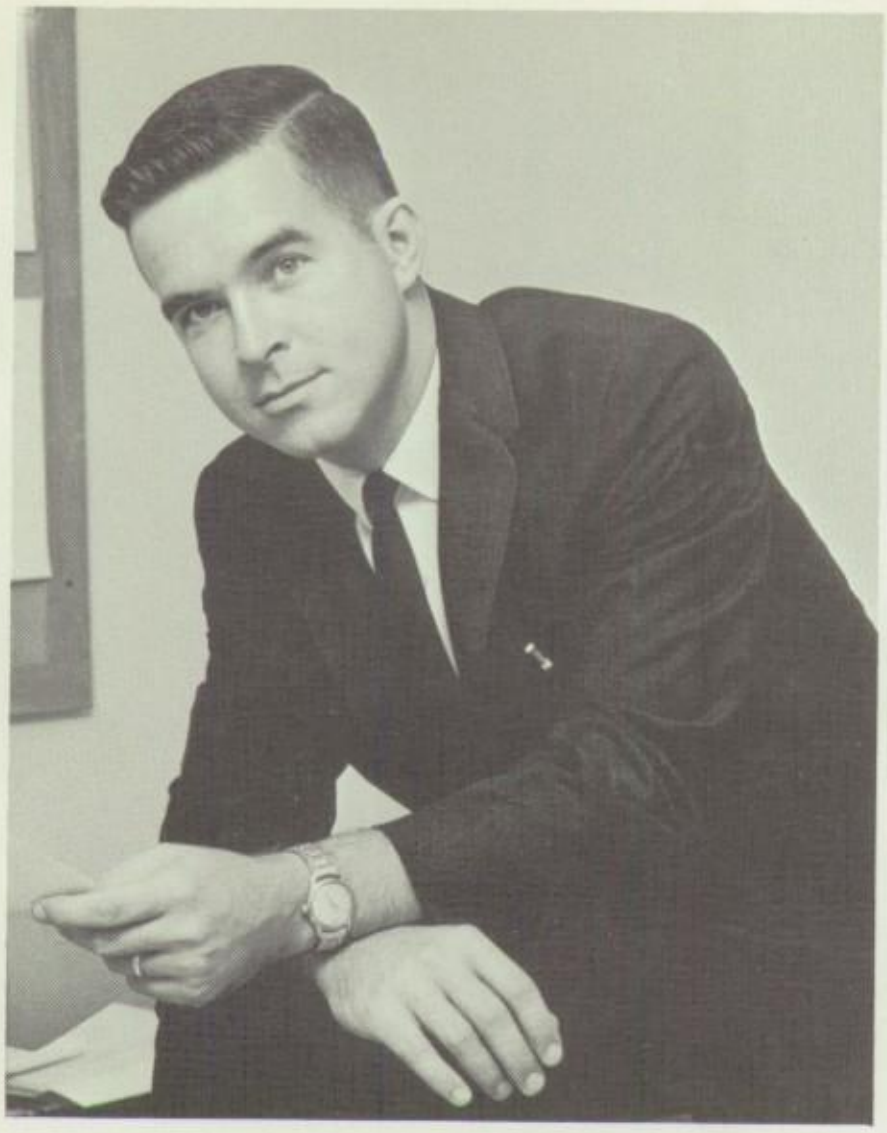
The Guidance Department is, perhaps, in the closest contact with the students. With the assistance of Mr. Oris M. Babcock, Director of Pupil Personnel, and Mrs. Helen Brown, Guidance Director, students select their curriculum with an eye to the future. Seniors, especially, find this assistance valuable in planning and arranging for their further education and careers.

District Supervisor

Mr. Franklin B. Clark has been the Superintendent of this district for twenty-one years. As Superintendent, Mr. Clark advises the Boards of Education in his district. This is the first year that G. C. S. has been included in the First Supervisory District of Greene County which consists also of Cairo, Coxsackie-Athens, and Durham Central Schools.

Board of Education

The Board of Education is responsible for the formulation of school policies to be carried out by the administration. Also, directly under its jurisdiction are tax rates, the school budget, curriculum, bus regulations, and graduation requirements. This year, the members are, from left to right: J. Roosa, K. Bennet, G. Brown, C. Applebee, H. Gumport--Pres., J. Morrison--V.-Pres., L. Woodhull, T. Pottenburgh, W. Ingalls.



Elementary Supervisor

Mr. Micheal A. Heller has been the Elementary Supervisor at G. C. S. for two years. He coordinates the curriculum for the elementary grades. His example and guidance have helped the children successfully progress in their school life.

Department of Transportation

Mr. George R. Randall, head of the Department of Transportation, has contributed greatly to our safe and punctual transportation system. He has also arranged transportation for our many extra curicular activities, such as athletic events, field trips, and the late busses. We are grateful for the concern he has shown toward us.

Even after hours they devote themselves to us.

Faculty

Dedication

Our Senior year was filled with decisions, problems, laughter and tears. Mr. Edward Usher, our Senior advisor, was very much a part of it. His enduring patience and sincere concern have distinguished him in the eyes of all. As he has dedicated himself to us, we the Senior Class, in turn dedicate the 1968 Pioneer to Mr. Usher, with gratitude and love, in appreciation for all he has done.

We at **Stiefel** Laboratories - manufacturers of Acne-Aid, Oilatum, Polytar and other lines of ethical skin care products - want to share with you the knowledge and understanding required of the successful businessman of today, as expressed by Abraham Lincoln, the Great Emancipator of the 1860's.

"You cannot bring about prosperity by discouraging thrift.

You cannot strengthen the weak by weakening the strong.

You cannot help the wage earner by pulling down the wage payer.

You cannot help the poor by discouraging the rich.

You cannot keep our of trouble by spending more than you earn.

You cannot build character and courage by taking away man's initiative and independence.

You cannot help men permanently by doing for them what they could and should do for themselves."

Alma Mater

In among the pleasant valleys
We see our school so dear.
It will stand for truth and wisdom
Throughout the coming years.
Through the four long years of high
school
'Midst the scenes we kow so well
And our love for Alma Mater
In our thoughts will ever dwell.

We will think of Alma Mater
In every act and deed.
While we work for dear old Greenville
No honors will she need.
Our colors stand before us.
They signify our might.
And recall the days of gladness
'Neath the old Maroon and White.
